

To the attention of,

UNITWIN/UNESCO Chairs Programme

It is my great pleasure to express the support of the Institute of Production, Economy and Labor of the National University of Lanus for the renewal of the UNESCO Chair on migration, development and human rights of the Autonomous University of Zacatecas coordinated by Dr. Raúl Delgado Wise.

The foreseen activities into the planification of the chair, coupled with the reform process of the university that is coordinated by Dr. Raúl Delgado Wise, are relevant to our Institute. Thus, we support the activities proposed for the renewal of the chair, whose resulting knowledge and experiences will be favorable for our university.

A cordial greeting,
