**TO WHOM IT MAY CONCERN
UNITWIN/ UNESCO CHAIR PROGRAMME**

With this letter I would like to express my full support to the renewal of the UNESCO Chair on Migration, Development and Human Rights of the Universidad Autónoma de Zacatecas, coordinated by PhD. Raúl Delgado-Wise, an expert and nationally and internationally recognized academic in the field of the Chair.

The importance of migration as a social phenomenon in Mexico and in many other parts of the world makes the work developed by the Chair coordinated by Dr. Delgado-Wise of great importance and academic utility, but above all social. The training of students and the publications resulting from the research of this Chair are an invaluable support for the understanding and action of migration and its impact on development, with a human rights perspective, as the aforementioned Chair does.

warmest regards

PhD. Elia Marúm-Espinosa
Chairholder

UNESCO Chair on Social Innovation and Entrepreneurship
