**To the attention of UNITWIN/UNESCO Chairs Programme**

It's our pleasure to support Professor Dr. Raúl Delgado Wise for the renewal of UNESCO Chair on Migration, Development and Human Rights.

Established in 2004, MiReKoc is a research center aimed at developing the research capacity to address international migration issues in Turkey. In addition to being an institutionalized hub for Turkey-related migration research, MiReKoc also initiates conferences, workshops, meetings and seminars aimed at engaging students, academics, bureaucrats, policymakers, stakeholders and civil society organizations.

The activities of the UNESCO Chair on Migration, Development and Human rights and of Professor Dr. Raúl Delgado Wise are of special relevance to our research program and we hope to continue our cooperation and mutual benefit through the renewal of this Chair and it's Chairholder.

Please do not hesitate to contact me should you have any further queries.

Yours sincerely,

Prof. Dr. Ahmet İçduygu  
Director, Migration Research Program (MiReKoc)

Dept. of International Relations  
Dept. of Sociology
